CONTROL OF WORK

HAYNES

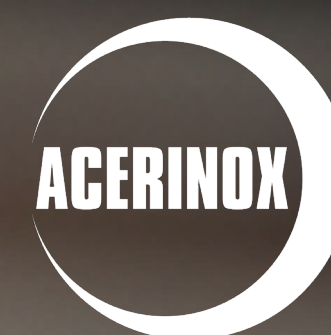

INOXFIL

VDM Metals

Cardinal Rules. The value of the ordinary

Don't risk a Saturday for a Monday morning rush.

Don't let a suspended load stop your day: maintain a safe distance, stay out of the line of fire, and never walk under moving materials.

LIFTING AND HOISTING

HAYNES
International

INOXFIL

VDM Metals

Cardinal Rules. The value of the ordinary

The peace of mind of knowing everything **is** **under control.**

Ensure a zero-energy state when working on equipment or facilities. Lock, tag, and most importantly, test that the equipment does not start before performing any work.

LOCK OUT, TAG OUT, TRY OUT (LO-TO²)

HAYNES
International

INOXFIL

VDM Metals

Cardinal Rules. The value of the ordinary

Secure your next step.

Your harness is your connection to what awaits you outside: always use it, tie off to approved anchor points, and never work without a rescue plan.

WORK AT HEIGHTS

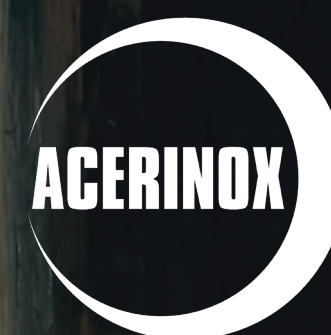

HAYNES
International

INOXFIL

VDM Metals

Cardinal Rules. The value of the ordinary

Your most important breath is the one after your shift.

Do not enter without a rescue plan and
without ensuring a safe atmosphere.

CONFINED SPACES

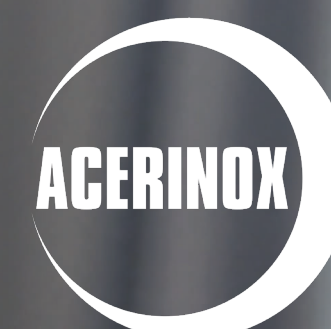

HAYNES
International

INOXFIL

VDM Metals

Cardinal Rules. The value of the ordinary

Control begins and ends in your hands.

Follow safety protocols and never take shortcuts: operate only equipment for which you have been trained, keep guards in place, and ensure your coworkers are at a safe distance.

MOVING MACHINERY

HAYNES
International

INOXFIL

VDM Metals

Cardinal Rules. The value of the ordinary

Every trip **matters.**

On factory roads, there are no short distances when it comes to safety: respect speed limits, stay fully alert at every crossing, and always wear your seatbelt; your caution ensures we all reach our destination.

SAFE DRIVING

HAYNES
International

INOXFIL

VDM Metals

Cardinal Rules. The value of the ordinary

Make sure you can keep **seeing your loved ones shine.**

Your mental attention is your greatest protection. At Acerinox, the consumption of alcohol or drugs is strictly prohibited because it jeopardizes your focus and your ability to react. Don't let anything keep you from being present at the moments that matter the most.

SUBSTANCE ABUSE
