

REPORT ON THE MODIFICATIONS OF THE REGULATIONS OF THE BOARD OF DIRECTORS

Madrid, 25 February 2021

REPORT OF THE ADMINISTRATORS OF ACERINOX, SA, ON THE AMENDMENTS OF THE REGULATIONS OF THE BOARD OF DIRECTORS WHICH IS KNOWN TO THE GENERAL SHAREHOLDERS' MEETING OF ACERINOX, S.A. TO BE HELD ON FIRST CALL ON 14 APRIL 2021 AND ON SECOND CALL ON 15 APRIL 2021

.

Fifteenth Item of the Agenda:

“Information to the General Shareholders’ Meeting as set out in section 528 of the Corporations Act, on the amendment of the Regulations of the Board of Directors, made in December 2020”.

This Report to the General Shareholders' Meeting is intended to explain to the Shareholders the changes in the Regulations of the Board of Directors in compliance with section 528 of the Corporations Act.

In 2019 a corporate management of Institutional Relations, Sustainability and Communication was created, to organize the activities that Acerinox realizes in these areas, particularly in one as sensitive as sustainability. But there was a growing view within the Board of Directors, which emerged with each exercise of self-assessment, with a view to creating a Board of Directors’ Committee specialised in sustainability, to channel all the activities in this area. The establishment of this Committee has required regulatory adjustments, in particular the inclusion of a new annex, IV, which sets out the essential regulation. The new Committee is not set up as supervision and control, but as work and support.

In addition to the above, EU Directive 2017/828 of the Parliament and of the Board of Directors, the experience of several years of use of the Board of Directors Regulation and the publication of an updated version of the Code of Good Governance of listed companies have been triggered by a more in-depth amendment of different articles of the Regulation, mainly from the main body of the text, as the annexes contain recent amendments recommended by the CNMV in technical guides dedicated respectively to the Audit and Appointments and Remuneration Committees.

In order to adapt the Company's Board Regulations to the new requirements, acerinox's Board of Directors at its meeting on 15 December 2020 amended the Regulations of Procedure of the Board of Directors. Within it and in addition to the inclusion of an Annex IV to include the brief regulation of the Sustainability Committee, articles were amended: **3, 4.3, 6, 11, 12, 17, 19, 20, 23, 25 and 30**, Annex II to the Executive Committee, article **1.2**, in Annex III to the Appointments, Remunerations and Corporate Governance Committee Article **12** , and article **15**

thereto has been deleted, with articles **16** to **20** renumbering, which become Articles 15 to 19.

The following is the new text of the Acerinox Board of Directors Regulations, adopted on the Board of Directors held on 15 December 2020:

REGULATION OF THE BOARD OF DIRECTORS OF ACERINOX, S.A.

Directors representing at least one third of the Board may convene a meeting indicating the items on the agenda in the

call notice, to be held at a location within the vicinity of the corporate offices, should the Chairman, having been requested to convene a meeting, have not done so within the term of one month after being so requested.

2. Meetings will normally be held at the Company's offices, although they may also be held at another location determined by the Chairman.
3. Notwithstanding the aforementioned, and except where the Law so forbids, resolutions may be adopted for emergency purposes or special convenience without a meeting and in writing, adhering to the requisites and formalities established by the applicable regulations.
4. However, the Board may meet without the need to observe the aforementioned notice requirements if all Members attend the meeting, or those not attending give their consent in writing.
5. Unless the Board had been formed or exceptionally convened for emergency purposes, Members must have the necessary information sufficiently in advance in order to discuss and adopt the resolutions on the matters at hand.
6. The Board will be deemed validly convened when the majority of the members are present or represented at the meeting. Directors may appoint other Directors to represent them. Non-executive Directors may only do this for another non- executive Member.
7. Attendance of Members at Board Meetings will be equally valid by means of long-distance communications methods, provided said methods allow all attending Members to be reciprocally recognised and identified, be in permanent communication, and be able to intervene and cast their vote in real time. Sessions of the Board of Directors to which Members attend by means of long-distance communications methods shall be considered unique and shall be held in the location where the Chairman of the body, or whoever is replacing him, is. The aforementioned long distance attendance of specific Members must be referred to in the minutes of the meeting and agreement certifications.

B) Votes:

The agreements made by the Board of Directors must be adopted by the absolute majority of the Members present or represented at the session. However, the permanent delegation of any powers by the Board of Directors to the Executive Committee or the CEO, the appointment of Directors to occupy these positions, the signing of their contracts and the amendment of this Regulation shall require a favourable vote by two- thirds of the members of the Board in order to be valid.

F) Remunerations:

1. The position of Director shall be remunerated.
2. Directors will earn a fixed annual fee apportionable by days in the event that their functions are not performed throughout the year. The fixed remuneration will be payable monthly in arrears.

4. Directors who are the Chair or ordinary members of the Board Committees shall also be entitled to the allowances indicated, which will be the same amount they are allotted for being on the Board, and under the same conditions.

6. The amount of the aforementioned fees will be determined by the Board of Directors within the minimum annual budget and in compliance with the other criteria included in the remuneration policy, which will be approved by the General Shareholders' Meeting at least every three years as a separate item on the agenda. The yearly remuneration of the Directors shall vary, depending on the functions and responsibilities assigned to each of them, on whether they are members of a Board Committee, and on other objective circumstances that are deemed relevant.

7. When a member of the Board of Directors is appointed as the Chief Executive Officer or assigned executive functions for some other reason, a contract must be drawn up between this individual and the Company, which must be previously approved by the Board of Directors, with the vote in favour of two-thirds of its members. The Director in question must abstain from attending the discussion and participating in the vote. The approved contract must then be attached to the meeting minutes. For Executive Directors, the right to remuneration derived from their condition as Member of the Board shall be compatible with their right to remuneration for their Senior Management position.
8. The contract will list all items for which they may receive remuneration for the performance of executive duties, consisting of fixed remuneration, a variable bonus subject to fulfilment of objectives, a long-term incentive consisting of Company shares based on metrics aligning their interests with those of the Company, the attendance allowances received for their position as a member of the Company's board and the boards of its subsidiaries and, where applicable, the same income in kind as the other members of Senior Management. The Company will also make an annual contribution to their savings or private pension plans under the conditions determined in the regulation governing remunerations for Senior Management, in accordance with the remuneration policy approved by the General Shareholders' Meeting and the limits established therein. The Director is not entitled to any payment for performing executive functions whose amounts or concepts are not laid out in this contract. The contract must adhere to the remunerations policy approved by the General Shareholders' Meeting.

The Chief Executive Officer's contract will include the compensation, where applicable, that they are entitled to receive as a result of dismissal from the Company, and which may not exceed the limits established in the remuneration policy.

9. The remuneration of the Secretary shall be determined by the Board of Directors, and attendance allowances can be part of said remunerations for an identical or analogous amount as that of Directors.

3. Governing bodies of entities which constitute a form of organisation of personal or family heritage shall not be taken into account for this purpose.
4. All the governing bodies in which a Director were to have the status of proprietary director by appointment by a third company, in which he or she were a Director or held executive functions, together with the board he or she may be on in the latter, shall be counted as a single board, even if these companies do not constitute a single trading group.

Article 17. Appointment of Directors.

3. Proprietary Directors must tender their resignations when the shareholder they represent sells his or her entire shareholding interest. When a shareholder's ownership interest is reduced to such an extent that it does not allow them to appoint as many Directors as they then have, in accordance with the rule of proportional representation set out in applicable legislation, they shall consult the Board of Directors through its Chairman on the possible reduction of their number to that which would correspond to their appointment in accordance with that rule.
